

The Dram Shop's Community Hand Up Events!

Our 'Community Hand Up' program is a way for The Dram Shop to give back to our community! These events provide a collaborative way of helping one another, getting the word out about causes, having fun, and yes, even raising some money together.

*Organizations receive \$1 of every drink sold between 5:00-9:00p.m.

*The success of these events are dependent on the organization's ability to promote this event, and we do our part by providing a great evening of high quality beverages and friendly staff!
